

CRARS IDENTITY

Our Mandate

To stimulate and enhance the use of amateur radio knowledge and equipment in activities in Campbell River and surrounding areas.

Our Mission

To provide a forum for people interested in learning and applying technologies and facilities within the amateur radio community, to do this in a cost effective way and in a manner that will enhance and benefit our community, other clubs and interested service providers.

Our Core Values

- To provide an acceptable and affordable amateur radio communications service within Campbell River and the surrounding area,
- To present a forum for obtaining and enhancing amateur radio knowledge for anyone interested in amateur radio and associated technologies,
- To support the community by providing radio communication facilities and offering services in emergency situations as they might arise,
- To provide a social forum for members to freely exchange ideas, to learn from one another and to help each other in projects as needed.
